Massachusetts Nurse Aide Candidate Handbook

Introduction

In 1987, the Nursing Home Reform Act was adopted by Congress as part of the Omnibus Budget Reconciliation Act (OBRA '87). It was designed to improve the quality of care in long-term health care facilities and to define training and evaluation standards for nursing aides who work in such facilities. Each state is responsible for following the terms of this federal law.

As defined in the OBRA regulations, a Nurse Aide Competency Evaluation program provides specific standards for nurse aide related knowledge and skills. The purpose of a nurse aide competency evaluation program is to ensure that candidates who are seeking to be nurse aides understand these standards and can competently and safely perform the job of an entry-level nurse aide.

This handbook describes the process of taking the nurse aide competency examination and is designed to help prepare candidates for testing. There are two parts to the nurse aide competency examination—a multiple-choice, knowledge test and a skill test. Candidates must pass both parts of the nurse aide competency exam to be identified and listed on the Massachusetts Nurse Aide Registry.

The Massachusetts Department of Public Health (DPH) approved D&S Diversified Technologies, LLP (D&SDT)-Headmaster, LLP to provide tests and scoring services for nurse aide testing. For questions not answered in this handbook, please contact D&SDT-Headmaster at (888)401-0462 or go to D&SDT-Headmaster's [Massachusetts Nurse Aide \(NA\) webpage](#) or at www.hdmaster.com and click on 'Massachusetts CNA'. The information in this handbook will help you prepare for your examination.

Massachusetts Nurse Aide Registry Requirements

The Massachusetts Nurse Aide Registry (MANAR) lists the name of nurse aides who, through training, testing and experience meet federal and/or state requirements to work as a nurse aide in Massachusetts. The Registry includes substantiated findings of nurse aide abuse, neglect, misappropriation of resident property, or exploitation involving a nurse aide at a Massachusetts Department of Public Health (DPH) regulated facility.

A nurse aide candidate, upon successful completion of training, passing both the knowledge and skills portions of the competency exam, and meeting federal and/or state requirements will be listed on the MANAR. Review the Nurse Aide Competency Exam section below to help prepare for the exam.

Registry Renewal

To maintain eligibility to work you must renew your eligibility every 24 months. To be eligible to renew, you must work for pay as a nurse aide performing nursing or nursing-related services at least eight (8) consecutive hours during the previous 24 months. Nurse aides with misconduct restrictions on the Registry are not eligible for renewal.

Registry Reciprocity

This information is for applicants who want to be entered on the MANAR through the Massachusetts Reciprocity/Out-of-State registry placement process.

Massachusetts Nurse Aide Candidate Handbook

Out-of-State Reciprocity Process

If you are a certified nurse aide and meet certain requirements, you may apply for Reciprocity. In order to be eligible for Reciprocity, you must be a CNA:

- Who is certified in another state
- Whose certification is current and in good standing
- Who has never been certified in Massachusetts

The Reciprocity application and additional information are available at the following link: [Reciprocity Information](#)

Waiver of the Certified Nurse Aide Training Requirement

Specific waiver provisions are available for applicants that can verify they meet the qualifications listed under [105 CMR 156.100 of the Nurse Aide Registry Laws and Regulations](#).

The application and information to request a Nurse Aide Training Waiver to take the Massachusetts Nurse Aide Competency Evaluation is available at the following link: [Waiver Information and Application](#)

Americans with Disabilities Act (ADA)

ADA Compliance

The Massachusetts Department of Public Health (DPH) and D&SDT-Headmaster provide reasonable accommodations for candidates with disabilities or limitations that may affect their ability to perform the nurse aide competency examination. Accommodations are granted in accordance with the Americans with Disabilities Act (ADA).

If you have a qualified disability or limitation, you may request special accommodations for examination. Accommodations must be approved by D&SDT-HEADMASTER in advance of examination. The request for accommodations can be found on the [D&SDT-HEADMASTER webpage](#) and clicking on the PDF Fillable [ADA Accommodation Form 1404](#). This form must be electronically submitted to D&SDT-HEADMASTER with required documentation listed on the second page of the ADA application in order to be reviewed for an accommodation.

ADA request forms submitted without supporting documentation of a diagnosed disability will not be accepted or reviewed.

Please allow additional time for your request to be approved. If you have any questions regarding the ADA review process or specific required documentation, please call D&SDT-HEADMASTER at (888)401-0462.

- The Candidate Handbook can also be accessed within your TMU© record under your 'Downloads' tab.

Incident Weather and Unforeseen Circumstances Policy

If an exam date is cancelled due to weather or other unforeseen circumstances, D&SDT-Headmaster staff will make every effort to contact you using the contact information (email, text message, phone call) we have on file in your TMU© record to reschedule you, for no charge, to a mutually agreed upon new test date. Therefore, you must keep your contact information up to date in case we need to contact you. See more information under 'No Show Exceptions'.

In the event of inclement weather, you will be expected to attend your schedule exam date unless:

- The county you reside in or the county of the testing site is placed on a weather or other emergency.
- The test site closes.
- The test observer cancels the test event.
- There is an accident due to weather or other cause on your route to the test site, in which case:
 - Documentation from the Department of Transportation Services or a Police report is required within 3 business days of your scheduled exam day to qualify for a free reschedule.

Massachusetts Nurse Aide Candidate Handbook

If the above listed circumstances are not met, failure to attend your scheduled test date will result in a NO SHOW status and any exam fees paid *will NOT be refunded*.

Candidate Feedback – Exit Survey

Candidates are provided the opportunity to complete an exit survey via a link when checking their test results in their TMU© record. The survey is confidential and will not have any bearing on the outcome of any test. You are encouraged to complete the survey questions with honest feedback regarding the examination process to help improve the testing process.

Security

If you refuse to follow directions, use abusive language or disrupt the examination environment, your test will be stopped and scored as a failed attempt. You will be dismissed from the testing room and will forfeit any testing fees paid and a report of your behavior will be given to your training program and the Massachusetts Department of Public Health (DPH). You will not be allowed to retest for a minimum period of six (6) months.

If you remove or try to remove test material or take notes or information from the test site, you will be reported to your training program and DPH and are subject to prosecution to the full extent of the law. Your test will be scored as a failed attempt and you will forfeit any testing fees paid. You will not be allowed to retest for a minimum period of six (6) months. You may need to obtain permission from DPH in order to be eligible to test again.

If you give or receive help from anyone during testing (which also includes the use of any electronic recording devices such as cell phones, smart watches, or navigating to other browsers/sites during an electronic exam, etc.), your test will be stopped, you will be dismissed from the testing room and your test will be scored as a failed attempt. You will forfeit any testing fees paid. You will be reported to your training program and DPH and you may need to obtain permission from DPH in order to be eligible to test again.

Refund of Testing Fees Paid

Requesting a refund of testing fees paid is different than rescheduling a test date. Requesting a refund means that you are not interested in taking the Massachusetts nurse aide certification exam at all.

Scheduled in a Test Event

- 1) If you are scheduled in a test event, a refund request of testing fees paid must be made by filling out and submitting the [Refund Request Fillable Form 1405](#) on D&SDT-Headmaster’s main webpage at www.hdmaster.com at least **one (1) full business day** prior to your scheduled test event (excluding Saturdays, Sundays and holidays). No phone calls will be accepted.
 - *Example:* If you are scheduled to take your exam on a Saturday, Sunday or Monday, you would need to request a refund by filling out and submitting the Refund Request Fillable Form on the D&SDT-Headmaster main webpage at www.hdmaster.com by close of business the Thursday before your scheduled exam. D&SDT-Headmaster is open until 8:00PM Eastern time, Monday through Friday, excluding holidays.
- 2) Refund requests made in the required time frame qualify for a full refund of any testing fees paid minus a \$35 refund processing fee.
- 3) Refund requests must be made within thirty (30) days of payment of original testing fees with D&SDT-Headmaster. Any requests for refunds made beyond the 30 days of original payment of testing fees with D&SDT-Headmaster *will not be issued*.

No Shows

If you are scheduled for your exam and do not show up without notifying D&SDT-Headmaster at least one (1) full business day prior to your scheduled testing event, **excluding** Saturdays, Sundays and holidays, OR if you are turned away for lack of proper identification, not arriving at the test site 20 minutes prior to the test start time, or any other reason to deem you ineligible to test, you will be considered a **NO SHOW**. You will forfeit all fees paid and must sign into your TMU© record to repay or submit a new testing fee to schedule yourself into a new test event.

These fees partially offset D&SDT-Headmaster's costs incurred for services requested and resulting work that is performed. If a reschedule or refund request is not done or received before the one (1) full business day preceding a scheduled test event, excluding Saturdays, Sundays and holidays (see examples under Reschedules and Refunds of Testing Fees Paid), a NO SHOW status will exist and you will forfeit your testing fees and must repay the full testing fee to secure a new test event.

No Show Exceptions

Test Attempts

You have **four (4) attempts** to pass the knowledge portion and **three (3) attempts** to pass the skill test portion of the exam. If you fail four attempts on the knowledge component or three attempts on the skills component, you must complete a new Massachusetts Department of Public Health (DPH) approved training program in order to become eligible to further attempt Massachusetts NA examinations.

NOTE: Federal and State regulations allow health care facilities to employ students for up to 120 days from the day employment and training is offered in an approved facility-based nurse aide training and competency evaluation program. However, if you fail four (4) attempts on the knowledge portion or three (3) attempts on the skills portion of the state competency exam, the facility is no longer allowed to employ you to perform nurse aide duties.

Retaking the Nurse Aide Exam

In the event that you fail the knowledge and/or skill portion of the examination, when you want to apply for a retest, you will need to repay for the portion that you failed before you can schedule a new exam date.

You can schedule a test or re-test on-line by signing in your TMU© record with your Email or Username and Password at: <http://mc.tmutest.com>. (See instructions with screen shots under 'Schedule/Reschedule into a Test Event'.)

You will need to pay with a Visa or Master Card before you are able to schedule.

If you need assistance scheduling your re-test, please call D&SDT-HEADMASTER at (888)401-0462 during regular business hours 8:00AM to 8:00PM EST Monday through Friday, excluding holidays. We are able to assist you in scheduling a test or re-test date as long as your fees have been paid first.

Test Review Requests

You may request a review of your test results or dispute any other condition of your testing. **There is a \$25 test review deposit fee.** To request a review, you must submit the PDF fillable [Test Review Request and Payment Form 1403](#) available on D&SDT-Headmaster's main webpage at www.hdmaster.com (before you get to the Massachusetts webpage). Submit the Test Review Fee of \$25 (MasterCard, Visa or debit card) and a detailed explanation of why you feel your dispute is valid (upload with Form 1403) via the PDF fillable Test Review Request and Payment Form 1403 **within three (3) business days** from official scoring of your test (excluding Saturdays, Sundays and holidays). Late requests will be returned and will not be considered.

PLEASE READ BEFORE FILLING OUT THE TEST REVIEW REQUEST: Please call D&SDT-Headmaster at (888)401-0462 and discuss the test outcome you are questioning before committing to sending the \$25 test review request deposit fee. Many times, once you have further details about the scoring of your test, you will understand the scoring process and learn how you can better prepare yourself for subsequent exam attempts. If, after discussion with D&SDT-Headmaster staff, you still have a concern with your testing process that affected the outcome of your exam, you may submit a Test Review Request.

Since one qualification for certification as a Massachusetts nurse aide is demonstration by examination of minimum nurse aide knowledge and skills, the likely outcome of your review will determine who pays for your re-test. If the

Massachusetts Nurse Aide Candidate Handbook

results of the review are in your favor, D&SDT-Headmaster will pay your re-test fee. D&SDT-Headmaster will review your detailed recollection, your knowledge test markings and any skill task measurements you recorded at the time of your test, in addition to reviewing markings, notations and measurements recorded by the RN Test Observer at the time of your test. D&SDT-Headmaster will re-check the scoring of your test and may contact you and/or the RN Test Observer for any additional recollection of your test(s). After a candidate reaches the age of 18, D&SDT-Headmaster will only discuss test results or test disputes with the candidate or the candidate's training program/instructor. D&SDT-Headmaster will not review test results or disputes with family members or anyone else on behalf of the candidate once the candidate is 18 years of age. D&SDT -Headmaster will complete your review request within 10 business days of the receipt of your timely review request and will email the review results to your email address and to the Massachusetts Department of Public Health (DPH).

Massachusetts Nurse Aide Candidate Handbook

- You must correctly perform all of the **key** steps (in **bold** font) and 80% of all non-key steps on each task assigned in order to pass the Skill Test.
- If you believe you made a mistake while performing a task, tell the RN Test Observer you would like to make a correction. You will need to correctly demonstrate the step or steps on the task you believe you performed incorrectly in order to receive credit for the correction.
- You may repeat or correct **any step** or **steps** on any task you believe you have performed incorrectly at **any time** during your allotted 30 minutes or until you tell the RN Test Observer you are finished with the Skill Test.
- The skill task steps are not order dependent, unless the words *BEFORE* or *AFTER* are used in a step.
- When you finish each task, verbally tell the RN Test Observer you are finished and move to the designated “relaxation area.” When the RN Test Observer and actor have set up and are ready for your next skill task demonstration, the RN Test Observer will read the scenario for your next task.
- **All steps must actually be demonstrated. Steps that are only verbalized WILL NOT COUNT.**

Skill Test Recording Form

The RN test observer will provide a recording form similar to the one displayed on the next page if your skill test includes a skill task which requires recording a count or measurement.

Skill Test Tasks

You will be assigned one of the following mandatory tasks with embedded hand washing using soap and water as your first task:

- Assisting Resident with the use of a Bedpan, Measure and Record Urine Output with Hand Washing
- Catheter Care for a Female with Hand Washing
- Donning PPE (Gown and Gloves), Emptying a Urinary Drainage Bag, Measure and Record Urine Output and Remove PPE with Hand Washing
- Perineal Care for a Female with Hand Washing

Note: Hand washing with soap and water is embedded in each of the mandatory tasks and must be demonstrated at the end of each mandatory task.

Massachusetts Nurse Aide Candidate Handbook

You will also receive an additional two (2) or three (3) randomly selected tasks from the Skill Task listing below. These selected tasks will make up your personalized and unique skill test. Each skill test randomly assigned by the TMU© skill test assignment algorithm will be comparable in overall difficulty.

Skill Tasks Listing

Every step must actually be performed and demonstrated during your skill test demonstration in order to receive credit.

The steps that are listed for each task are the steps required for a nurse aide candidate to successfully demonstrate minimum proficiency of the skill task for the RN Test Observer. The steps will be performed on a live resident actor for most of the tasks (the catheter care for a female and the perineal care for a female will be done on a manikin). You will be scored only on the steps listed.

You must have a score of 80% on each task without missing any key steps (the bolded steps) to pass the skill component of your competency evaluation.

If you fail the Skill Test, there will always be one of the first mandatory tasks to start each Skill Test. The other tasks included on your Skill Test are randomly chosen so that every Skill Test is comparable in difficulty and average length of time to complete. The RN Test Observer will observe your demonstrations of your skill tasks and record what they see you do. D&SDT-Headmaster scoring teams will officially score and double check your test.

Note: The skill task steps included in this handbook are offered as guidelines to help prepare candidates for the Massachusetts nurse aide skill test and the steps included herein are not intended to be used to provide complete care that would be all inclusive of best care practiced in an actual work setting.
