How to Complete a Record for a Student/Candidate who did not Complete Training in TMU© (For Students who do not successfully complete a training program.)

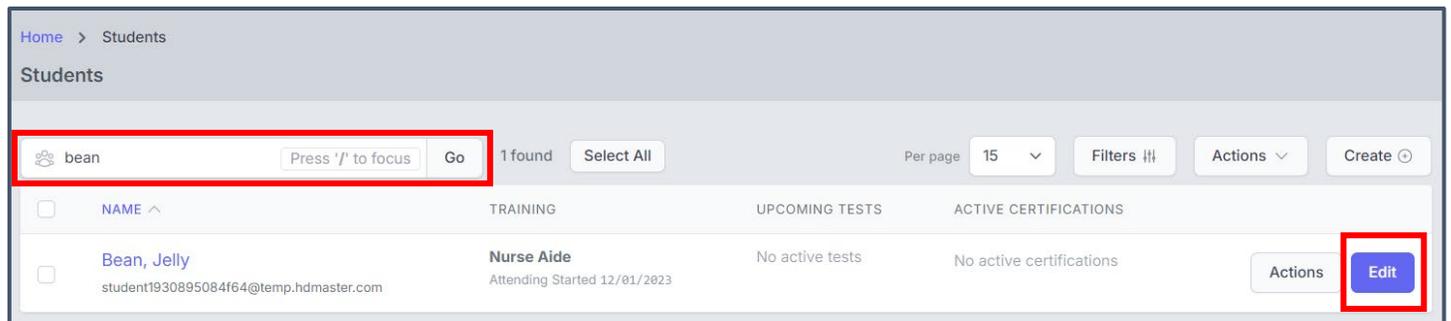

We all have students that do not finish a nurse aide, or other discipline, training program for one reason or another. That student must be completed in TMU© as an **incomplete** (with training) designation. This is done so that the record is completed (not left as attending forever) and so that you may track attrition (with reasons) for your program.

Log into your state's TMU© and click on **STUDENTS**:

The screenshot shows the instructor dashboard with a navigation bar at the top containing 'TMU DEMO', 'Students', 'Reports', and 'Profile'. A user profile icon labeled 'Good' is in the top right. The main content area is titled 'Welcome, Good Instructor!' and 'Viewing Nurse Aide (CNA) records'. Below this are four menu items: 'Inbox' (See notifications regarding your account), 'Your Profile' (Manage your personal information), 'Students' (View related training records and people), and 'Change Discipline' (Update the discipline being viewed). A 'Search Registry' option (Find people on the public registry) is also visible. The 'Students' menu item is highlighted with a red rectangular box.

You can search for the student by placing their name in the search field and clicking on **GO**. Once you found the student in the list, select **EDIT** on the right side of the screen:

The screenshot shows the 'Students' search results page. The search bar contains 'bean' and the 'Go' button is highlighted with a red box. Below the search bar, there is a table with columns: 'NAME', 'TRAINING', 'UPCOMING TESTS', and 'ACTIVE CERTIFICATIONS'. A single student is listed: 'Bean, Jelly' with training 'Nurse Aide' and 'Attending Started 12/01/2023'. The 'Actions' column for this student has an 'Edit' button highlighted with a red box.
